Westside Kodiak Salmon Management Plan (3 Proposals)				
F	95	Establish certain set gillnet-only fishing periods, beginning June 28, in the		
(0-6)		Central and North Cape sections. Member Jeffrey did not participate due to an		
		ethics ruling.		
	96	After August 15, allow gillnet gear in Inner Bay sections of Northwest Kodiak		
F		District during open fishing periods if Central and North Cape sections are		
(2-4)		closed for more than 48 hours. The proposal was tabled and later brought back		
		and amended with substitute language found in RC 93. The amended proposal		
		failed. Member Jeffrey did not participate due to an ethics ruling.		
F	97	Delay closure of Northwest Kodiak District if gale warning is forecast for		
(0-6)		Shelikof Straits. Member Jeffrey did not participate due to an ethics ruling.		
Gear (2 Proposals)				
F	98	Allow CFEC seine salmon permit holders to operate additional gear under a dual		
(1-5)		permit or joint venture. Member Jeffrey did not participate due to an ethics		
		ruling.		
F	99	Reinstate dual set gillnet permits for single permit holder to operate additional		
(0-6)		gear. Member Jeffrey did not participate due to an ethics ruling.		
Kodiak Area Groundfish (5 Proposals)				
N/A	43	Create state-waters groundfish management plans for trawl vessels less		
		58 feet in the Cook Inlet, Kodiak and Chignik management areas. Proposer		
		withdrew proposal under RC 91.		
_	44	Create state-waters walleye pollock management plans for Cook Inlet, Kodiak		
		and Chignik management areas. Tabled to Statewide meeting in March 2015.		
N/A	45	Require 100 percent observer coverage on groundfish trawl vessels in state		
		waters of the Cook Inlet, Kodiak and Chignik management areas. No action		
		based on action taken under Proposal 44.		
F	101	Close Alitak Bay to trawl gear.		
(0-7)				
C	102	Prohibit nonpelagic trawling in state waters of Kodiak Area.		
(4-3)				

Motion to Reconsider

Member Johnson made a motion to reconsider proposal 94. The motion failed 1-5.

Miscellaneous Business Agenda

- 1. <u>Distribution of public material to board outside of the public comment process</u>. The board discussed how to handle materials sent to Boards Support for board members outside of the public comment process.
- 2. <u>Five-year board cycle discussion</u>. Chair Johnstone briefed the board on external discussions regarding that practicality of a 5-year board meeting cycle and that he would check with interest groups for input.
- 3. <u>BSAI Pacific cod</u>. Member Jensen discussed concerns he had heard about Pacific cod that might be stranded in the newly developed state fisheries and expected to provide a more detailed report for the Board at the Statewide meeting in March 2014.

4. Working group for pollock fishery consideration. Member Jeffrey will lead a group to work with the North Pacific Fishery Management Council, the National Marine Fisheries Service and ADF&G staff, and local community and industry representatives, to review establishing a state waters pollock fishery. Member Jeffrey intends to return to the Board at the March 2015 meeting with a report and recommendations for Proposal 44.
