

Hunting and Trapping

Emergency Order

Alaska Department
of Fish and Game

Under the Authority of AS 16.05.060

Emergency Order No. 04-02-15

Issued at Palmer, Alaska
July 7, 2015

Effective Date: 12:01 AM July 8, 2015

Expiration Date: June 30, 2016
unless superseded by subsequent
emergency order

EXPLANATION:

This emergency order reduces the length of the lynx hunting and trapping season in Game Management Unit 14A, 14B and 16. The adjusted season dates are published in the 2015-16 Hunting Regulations and in the 2015-16 Trapping Regulations and conform to the lynx season dates offered in the affected Units during regulatory years 2006 through 2014.

REGULATION:

Therefore, the following regulations in 5AAC 84.270(5) and 5AAC 85.60(4), **Furbearer Trapping and Hunting Seasons and Bag Limits for Lynx**, are superseded by this emergency order and the following provisions are in effect for the 2015-16 regulatory year:

Units 14(A), 14(B), and 16	Open Season	Bag Limit
Trapping	Dec. 15 - Jan.31	No Limit
Hunting	Dec. 1 – Jan. 31	Two lynx

Sam Cotten
Commissioner

By delegation to:

Lem Butler
Regional Supervisor

JUSTIFICATION:

Lynx are considered scarce in many portions of Units 14A, 14B, and 16, and the population size has not changed substantially during the last 20 years. During regulatory years 2006-2014 the Department shortened the lynx trapping season due to concerns that the lynx population could be adversely affected by overharvest if trapping and hunting seasons were not reduced. Currently lynx populations are entering a low cycle in South-central Alaska. As a result a lengthening the trapping or hunting season cannot be justified at this time.
