Undersubscribed Black Bear Drawing Permits Available Hunt DL018: Game Management Unit 1C, South Fall 2020/Spring 2021

(Juneau) – After the recent drawing permit lottery, black bear hunt DL018 (Unit 1C, south of Taku) remains undersubscribed (that is, there were fewer eligible applicants than there are permits). Remaining permits are now available on a first-come, first-served basis. Hunters wishing to apply for a Fall 2020/Spring 2021 DL018 permit should complete the Undersubscribed Hunt Application (attached below) and submit it to the Alaska Department of Fish and Game in Douglas (paul.converse@alaska.gov).

DL018 permits are limited to nonresidents who will not be accompanied either by an Alaska-licensed guide or by a resident relative within the second-degree of kindred. Season dates are September 1, 2020 through June 30, 2021. The bag limit is one black bear. A hunter may possess only one undersubscribed black bear permit at a time.

Note that although permits may be awarded immediately after receiving a valid application, they will not be printed and mailed earlier than July.
