Clarence Kramer Mt. Goat Hunt Zone Closed

(Sitka) – Hunt managers set a harvest quota of 4 males or 1 female for the Clarence Kramer hunt zone of mountain goat hunt RG150 on Baranof Island. Quotas are based on the most recent aerial surveys. To date, three male and two female goats have been harvested in the Clarence Kramer hunt zone of RG150. Winter snow conditions have made goats more accessible. Additional harvest could be detrimental to the long-term stability of the goat herd in this area. Therefore, this zone is being closed by emergency order (EO) at 11:59 PM, Tuesday, December 28, 2021.

Emergency Order 01-25-21 was issued to close the mountain goat season in the Clarence Kramer Zone of RG150 on Tuesday, December 28, 2021 @ 11:59 PM.

Those portions of Unit 4 not affected by this emergency order will remain open until harvest quotas are reached or the season concludes.

Previous EO's are listed online at:
