5 AAC 41.005. PERMIT REQUIRED. (a) Except as otherwise provided, a person may not transport, possess, export from the state, or release into the waters of the state, any live fish unless the person holds a fish transport permit issued by the commissioner (or authorized designee), and the person is in compliance with all conditions of the permit. (b) A fish transport permit authorizes only that operation specified in the permit. Any change of species, broodstock, or location requires a new permit. Any other change requires an amendment to the permit.
