Message:

To Alaska Board of Fish,

Following are 9 pages to be included with the previous documents sent in in support of Proposal 162. Please call my cell (907) 359-3977, or fax to the above number to confirm that these documents have been received.

Thank You,

Cory Nelson, UNFA member

traffic is making it difficult for our local fishers and hunters to be successful in using this traditional area to harvest our fish and game resources. Closing this area to trawling will help the area recover and keep our small boats safe.

Thank You.

PETITION

To Whom It May Concern:

We the undersigned residents of Unalaska and Dutch Harbor, Alaska, support and request your support for the Unalaska Native Fishermans Association's 2012-2013 AK Dept. of Fish & Game Proposal 162, Closed waters in Bering Sea-Aleutian Islands Area (see attached).

Unalaska Bay is a small but important sheltered area in our community providing a safe area for smaller vessels to obtain fish and game to put on our table and harvest for our livelihoods. Increased large vessel fishing pressure and traffic is making it difficult for our local fishers and hunters to be successful in using this traditional area to harvest our fish and game resources. Closing this area to trawling will help the area recover and keep our small boats safe.

Thank You.
