Re: Withdrawl of Proposal 353

Dear Chairman Karl Johnstone,

ACDC submitted Proposal 353 concerning the 21 day pre-registration requirement for RKC in Area O. We wish to withdraw the proposal.

Based on clarification from ADFG staff that pre-registration for RKC does not in itself require the vessel to stop participation in any other fishery. Our concerns regarding "stand downs" are more properly addressed in proposal 355.

Thank you.
