RC 164

Members of the Alaska Board of Fish

We are pulling and/or support
for proposal 130.

130 intent was to require
setnetters to register in the
section that they want to fish

These are fishermen who currently
fish in the Kaslof and Kenai sections
at the same time. This proposal
would hurt long time set-net
operations.

Thank you
North-Kalifornsky Beach
Fishermen
