

RC: Proposal 107

I am David Chessik and I authored proposal 107. However, because the concerns that motivated 107 seem to be adequately addressed in proposals 123 and 134 from Committee B, 107 has become redundant and mute. I request that the Board of Fish refrain from spending valuable time in contemplation of proposal 107. Should it please the Board, **Proposal 107 is withdrawn.**

David Chessik
