RC 202

Conserving Salmon Habitat in the Mat-Su Basin

Appendices

The Strategic Action Plan
of the

Mat-Su Basin Salmon Habitat Partnership

2008

Appendix 1: Participants in Planning Process

Steering Committee:

Tom Brookover
Alaska Department of Fish and Game

John DeLapp
US Fish and Wildlife Service

Cecil Rich
Alaska Department of Fish and Game

Mike Roy
US Fish and Wildlife Service

Christopher Estes
Alaska Department of Fish and Game

Sonja Jahrsdoerfer
US Fish and Wildlife Service

Jeanne Hanson
NOAA's National Marine Fisheries Service

Frankie Barker
Matanuska-Susitna Borough

Doug Limpensil
NOAA's National Marine Fisheries Service

Corinne Smith
The Nature Conservancy

Jessica Dryden
Chickaloon Village Traditional Council

Kathy Wells
Friends of Mat-Su

Brian Winnestaffer
Chickaloon Village Traditional Council

Mimi Peabody
Friends of Mat-Su

Science Working Group:

Jim Hasbrouck
Alaska Department of Fish and Game

Mary Price
US Fish and Wildlife Service

Larry Engel
Mayor's Blue Ribbon
Sportsmen's Committee
Janet Curran
US Geological Survey

Cecil Rich
Alaska Department of Fish and Game

Bill Rice
US Fish and Wildlife Service

Sam Ivey
Alaska Department of Fish and Game

Jeff Anderson
US Fish and Wildlife Service

Corinne Smith
The Nature Conservancy

Tom Capiello
Alaska Department of Fish and Game

Doug McBride
US Fish and Wildlife Service

K Koski
The Nature Conservancy

Matt LaCroix
Environmental Protection Agency

Erika Ammann
NOAA's National Marine Fisheries
Service

Frank Rue
The Nature Conservancy

Jessica Dryden
Chickaloon Village Traditional
Council

Larry Wade
Chickaloon Village Traditional
Council

Laura Eldred
Alaska Department of
Environmental Conservation

Brian Winnestaffer
Chickaloon Village Traditional
Council

Thomas Brannen
Chickaloon Village Traditional
Council

Overall Target Viability Summary:

Conservation Targets		Landscape Context	Condition	Size	Viability Rank
1	Sockeye salmon	Good	-	Fair	Good
2	Pink and chum salmon	Good	-	Fair	Good
3	Coho and Chinook salmon	Good	-	Good	Good
4	Upland complex	Good	Very Good	Very Good	Good
5	Lowland complex - West of Susitna River	Good	Very Good	Very Good	Good
6	Lowland complex - East of Susitna River	Fair	Fair	Good	Fair
7	Lake complex	Fair	Fair	Good	Fair
8	Upper Cook Inlet Marine	Good	Fair	Good	Good
Project Biodiversity Health Rank					Good
