

Annie Nicoli

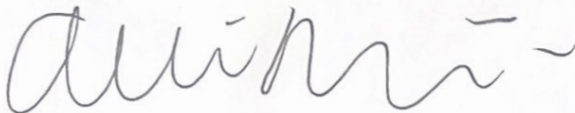

To whom it may concern,

My name is Annie Nicoli, I am 27 years old and I am from Ekwok, AK. I am a subsistence fisherwoman and I have been my whole life as well as my grandma, mom, aunts, sister and my daughter will be as well.

I do not support the action plan that you guys have drafted up for the Nushagak river subsistence users. First of all, the fish don't run every other day, they come in spurts and if you miss those runs you are out of luck because there are very few Kings that come up the river! Second of all, I am a single mother, I work five days a week to provide for me and my daughter. I also subsistence fish for my grandparents, who are both now over 80 years old. Being limited to fish only a few days of the week, I would not be able to gather fish for my family!

So I am asking, please do not put this restriction on us families!

Thank you,

A handwritten signature in cursive script, appearing to read 'Annie Nicoli', with a small flourish at the end.
