Only a legally licensed Registered or Master guide who is appropriately guide use area certified in both the year of the application and the year the hunt will take place may apply applicants for this hunt. The Registered or Master guide must be certified in both years by the beginning of the application period. A legal agreement, defined by the Department of Commerce, Community and Economic Development must be in place between the applicant and the legally licensed, area certified guide for these applications to be accepted by the Department of Fish and Game.
