State of Alaska board of fish and game members

I am writing this to voice our opinions on the joint board proposals to be heard in your Oct 12-16 th meetings, we are in a busy time in our year getting ready for winter and our guides are out bear hunting so no meeting of the Naknek Kvichak fish and game advisory committee was possible,

Proposal # 9 we have no problem with the 3 year terms and we don't have an issue with this either so we are neutral. Proposal # 10 No we have no interest in someone telling us how we vote it works leave it alone. Proposal # 11 No we think everyone should be able to voice their opinion and be heard without any inhibition. Proposal # 13 No we have no problem with the way things are. Proposal # 14 No no one should have the right to restrict another from the process for ideas they have. Proposal # 15 Yes Proposal # 16 Yes but why is this an issue? Proposal # 17 yes Proposal # 18 No Proposal # 19 No who are they to say who can be on a committee or be our voice Proposal # 20 No for the same reason as 19 Proposal # 21 No for the same reason as 19 and 20 people don't have to do this its voluntary and to put qualifiers on them isn't right. Proposal #22 we are in support of. Proposal # 23 we do this as a service to the community we do not get paid and this makes us do what someone should get paid to do. This isn't meant to be our job.

Proposal # 28-29 we would love to have the idea that we have more power but time constraints won't allow us to do. Proposal # 33 No we get the idea that someone is always cheating and more regulations catch them ...but that isn't the case honest people fill out and send these in. Proposal # 34 No Proposals # 35-36 No these want to belittle our power and give it to those that don't like the idea that we get to have first shot at game in our home areas. Proposal# 37 yes but this is about people living not making a living on subsistence foods. Proposal # 38 No. Thank you for your time and the opportunity to voice our opinions on these important proposals

William Regan co-chair Naknek Kvichak fish and game advisory committee
